(Eufaula) – The protection of Lake Eufaula for the next 50 years is at stake with the outcome of the Oklahoma Comprehensive Water Plan. “If you care about the future of Lake Eufaula Water – attend the October 2nd potluck dinner and meeting at 6:00 p.m. at the Eufaula Community Center, 110 High Street in Eufaula,” says Karen Weldin, Save Our Water President. “This is the most important meeting in the history of Save Our Water!”

We will be planning for the Oklahoma Comprehensive Water Plan Public Input Meeting which is scheduled for the next Tuesday evening at the Fairgrounds. We **MUST** have a large turn out for this meeting! We must show the state of Oklahoma and our community just how important the subject of water is to us. We have been from one extreme (drought) to the other (flooding) in a years’ time. We must have a major voice in the management of Lake Eufaula. The only way we can do this is to voice our ideas and opinions and to show up and be counted!

We have **ONE** – one opportunity to have our comments recorded and include in the Oklahoma Comprehensive Water Plan. That is by participating in the Public Input Meeting. We must be informed, educated and prepared for this meeting. The only way to be informed, educated and prepared is to attend the Save Our Water meeting Tuesday, October 2nd.

ALL community people, residents and interested persons are encouraged to attend. Our legislators will be there to offer their ideas and suggestions. Our legislators, elected officials and special guests who plan to attend and join in on the discussion include:

- Senator Richard Lerblance
- Rep. Terry Harrison
- Rep. Brian Renegar
- Rep. Ed Cannaday
- Mayor Dean Smith
- Ron Massey, SE Field Representative for U.S. Senator Jim Inhofe

Not only will we be discussing the Public Input meeting, we will also have a report on the Water Resource Development Act (WRDA) Bill Save Our Water worked so hard on in 2006 -2007.

We will also have an update on the Texas lawsuit against Oklahoma. Texas still wants Oklahoma water!

If you care about the future of Lake Eufaula water – attend the October 2nd meeting!

This is a potluck dinner. Please bring a covered dish.

Save Our Water is a group of community leaders, business owners, lake area residents and concerned citizens across the state who have organized to preserve and protect Lake Eufaula and all Oklahoma’s water resources.
