

Pictures and Note Cards of Lake Eufaula by Photographer Clarence D. Goosen Order Yours Now!

Local photographer, Clarence Goosen is donating pictures of Lake Eufaula to Save Our Water for our fundraising efforts. Pictures are on display at the SOW office and available by contacting Goosen at 918-618-4338 or cdgoosen@earth-comm.com

Local artist and photographer, Clarence D. Goosen, is donating the proceeds from pictures of Lake Eufaula to Save Our Water, Inc. (SOW) in an effort to help us raise funds as we continue our mission to help protect and preserve Lake Eufaula and all Oklahoma's water resources.

Goosen, is taking pictures of Lake Eufaula from various locations. (See the pictures on line.) These pictures are displayed at the SOW office at 117 S. Main St., Eufaula. Along with the pictures, note cards with the pictures of the lake are available for a donation to SOW. To order a picture, contact Mr. Goosen by calling 918-618-4338 or e-mailing him at cdgoosen@earth-comm.com. The note cards are available at Expressions Unlimited, 116 S. Main or at Eufaula Pharmacy, 401 S. Main.

"We are very excited about this project and the generosity of Mr. Goosen," said Save Our Water President, Karen Weldin. "The scenes of the lake are beautiful and everyone with an interest in Lake Eufaula is going to want a picture hanging on their wall and notes cards to send to their family and friends."

"Volunteers with Save Our Water are upgrading the environment and the lifestyle for all people around the lake," said Clarence Goosen. "It is a positive and unselfish thing. And what I am doing, I love doing. I am doing this because it is a way I can give back. It is a way I can give my time, effort and talents to help make a difference."

Save Our Water, Inc. will use the money raised to continue their work to protect and preserve the quantity and quality of Lake Eufaula. Save Our Water has been successful this past year in getting the Corps of Engineers to recognize recreation as a project purpose of Lake Eufaula; to agree to a temporary lake management plan that slowed down hydropower generation; continues to have Federal legislation pending in Washington D.C. to provide a Lake Eufaula Advisory Committee and a reallocation study of the lake. On a state level, this next year SOW will work with other state water advocacy groups and legislators to work towards a comprehensive state water plan that is acceptable to all.

For persons interested in donating to Save Our Water and/or becoming a member and volunteering, you can contact SOW by calling 918-452-3184 or emailing info@saveourwaterlakeeufaula.com.

Clarence's studio is located near his home off of Texanna Road. He can be reached at Rt. 4 Box 9330, or by calling 918-618-4338.

Save Our Water, Inc. is a group of community leaders, business owners, lake area and Oklahoma residents and concerned citizens who have come together to work to protect and preserve their water interests in Lake Eufaula.
