(Eufaula) –Volunteers have gone to work, and as a result, the Save Our Water, Inc. office located at 117 S. Main St., Eufaula has gotten a face lift and has come alive! Just this past weekend the owners of Reliable Painting, Peter and Lori Philippi, donated their time and energy to put a fresh coat of paint on the new SOW office.

"It is just one way of showing our support and being involved," said Peter. "What happens to Lake Eufaula affects all the businesses in this area. We all need to pitch in and help."

"The Save Our Water office is the result of community involvement and support," said SOW President, Karen Weldin. "Our goal is to have everything from the space to the supplies donated and so far so good. Volunteers are stepping forward and really helping out."

SOW has been in their new office since May. The space is being donated by local businessmen Gary Moores and Mark Dobbs; storage cabinets inside were made by Bob Arnold; the computer was donated by Marlin Edwards; a laser printer was donated by Larry and Kathy Breding; Larry Poe donated an ink jet printer and a wall clock; and chairs were donated by Barbara Pilgrim. Frisbie's Cleaning, Service owners Judy and Johnny Frisbie initially cleaned the office for SOW and have volunteered to keep it clean on a regular basis. Fred and Dee Sebastian, owners of Mr. Printer, will be donating one-half of the cost of the SOW logo that will be going on the window of the office within the next week.

"SOW's goals to protect our water resources are long term," said Weldin. "We need to have the support to be here for a long time. We hope people will continue to volunteer and support us long term in any way they can."

Volunteers are still needed to staff the SOW office Wednesday through Saturday from 10 am – 2 pm. Interested persons should call 918-452-3184 or email info@saveourwaterlakeeufaula.com. Office supplies such as copy paper, stamps and money for printing and mailings, and telephone and internet services are also still needed. Donations can be made online or mailed to: Save Our Water, P.O. Box 63, Eufaula, OK 74432.

Interested persons are welcome to stop by the SOW office Wednesday through Saturday and pick up information on SOW; sign up for our email and/or mailing list; volunteer to help; find out more about how SOW is helping Lake Eufaula; – and or just drop in and say hello.

Save Our Water, Inc.'s mission is to preserve and protect Lake Eufaula and all Oklahoma's water resources.
